**TURTLE NESTING SEASON IS HERE!** The months of May thru October are the prime months for sea turtles to nest along our beaches. KSC and CCAFS have some of the only remaining pristine beaches along the East Coast of Florida. Sea turtles use these beaches in high numbers for nesting. All exterior lighting at KSC and CCAFS, not just that which directly hits the beaches, can be a distraction to these turtles causing disorientation and nest abandonment. Please, take extra measures to ensure all non-essential exterior lighting is turned off. The KSC Exterior Lighting Guidelines can be reviewed on the Environmental Program Branch website at <http://environmental.ksc.nasa.gov/natural/lighting.htm>. If you see any lights that you feel need to be turned off or have any questions, please contact John Shaffer, NASA EPB, at 867-8448. (TA-C3)

**YOUR FEEDBACK IS IMPORTANT TO US—ENVIRONMENTAL & ENERGY AWARENESS WEEK 2002:** The EEAW Committee would like to thank everyone who participated in this year's 2002 **Environmental & Energy Awareness Week** held on April 22-24. We had a full house (approximately 225 employees and visitors) for the Opening Ceremony held on April 22 in the Training Auditorium with guest speaker Mr. David Struhs, Secretary from the Florida Department of Environmental Protection. Over 1650 employees participated in the 2-day event held in the Industrial Area and LC-39 Area. Five awards were presented at the Opening Ceremony to SGS employee (David Hall, David Lambert, Andy Anderson, Freddie Furman, and John Martin) for their outstanding efforts contributed to Environmental & Energy projects at the Kennedy Space Center. Two slogan contest winners were awarded (Shannah Trout, Dynamac, and Kandy Warren, NASA) and a special recognition award to Dave Koval, SGS, for his outstanding leadership role in the Energy world at the Kickoff Ceremony. We had another successful year! Your feedback is important to the EEAW Team! Please take a few minutes and fill out the EEAW Survey Form. Thank you for your time in filling out the form. Your presence at the 2002 Environmental & Energy Awareness Week was truly appreciated so we can all become better stewards to our environment and conserve energy! Point of contact: Environmental & Energy Awareness Group, TA-C3, 867-8413/867-8452. (TA-C3)

**2002 TELEPHONE BOOK RECYCLING CAMPAIGN:** The 2002 Telephone Book Recycling Campaign is now underway. Please recycle your outdated telephone books by placing them in the outgoing mailboxes—they will be picked up by the mail carriers. There are two bulk collection dumpsters designated for recycling your Bell South telephone books, a dumpster is located at the southeast end of the Headquarters Building and the other dumpster is located at the southwest end of the OSB Building. If you have more books than your outgoing mailbox can hold, please place them in a neat stack on the floor, table or desk next to the mailbox. Please do not put the telephone books in the trash. Recycle them! Can the KSC telephone books be recycled? Sure, start by removing all colored pages and the front and back covers of the book. Place all white pages in the outgoing box and place the colored pages in your office trash receptacle. Recycling telephone books into new ones help save precious resources. Products made with old phone books include: cellulose insulation (the blown-in kind), backing and facing paper for gypsum wallboard, paper egg cartons, paper packing material, envelopes, newsprint, paper towels and tissue products, hydro-seeding mulch (the green stuff you see sprayed on the sides of overpasses), chicken litter and animal bedding, weed barrier for landscapers, asphalt shingles, roofing felt, and paper for new phone books. Should you have any other questions about recycling your old phone books, please contact Alice Smith at 867-8454, or Hien Nguyen at 867-8455. (TA-C3)

It is intended for non-routine use and must be requested at least 72 hours in advance by calling the Disability Program Coordinator at 867-6923. Point of contact: [Debbie.Houston-1@ksc.nasa.gov](mailto:Debbie.Houston-1@ksc.nasa.gov). (This information was posted here as a courtesy to all employees from the DAAWG. Marvin L. Jones, DAAWG Chairman; Beth Smith, DAAWG Secretary. Visit us at: <http://www.ksc.nasa.gov/groups/daawg/>. (TA-C2)

**NUTRITION TIP OF THE WEEK FROM THE KSC FITNESS CENTERS:** Tips For the Drive-Through—Fast food combines two of our favorite desires: things in a hurry and food. For the most part, it also combines a lot of fat and calories. But, if you are careful, you can still get food in a hurry without sinking your healthy eating plan.

- order a lean roast beef sandwich
- order grilled chicken sandwiches and do the fixings “your way”
- keep the portions regular and small, no “double,” “supersize,” or “value” anything
- order items without the cheese
